The leadership of WARIMA led by its President, Mr. Dembo Bakary Kanteh(5th from left) in a group photograph with the management of JAMB led by Prof Is- haq Oloyede, Registrar , JAMB during the visit of WARIMA to JAMB.

The West African Research and Innovation Management Association(WARIMA) has paid a courtesy visit to the National Headquarters of the Joint Admissions and Matriculation Board (JAMB), Bwari, Abuja.

WARIMA is a non-profit professional membership organisation for research managers and administrators across

West Africa.

The WARIMA delegation was led by its President, Mr. Dembo Bakary Kanteh, and was accompanied by the former President, Prof. Labode Popoola, and other members to the Board on Monday, 10th July, 2023.

He stated that the visit was in partial fulfilment of its desire to continuously develop, engage in research and innovation management in the sub-region to facilitate knowledge-based activities, inventions, interventions and solutions that will unleash sustainable development in West Africa.

According to Mr. Kanteh, the mission of WARIMA was to formally inform the Board of its intention to hold one of its training workshops in Nigeria, and to seek the Board's support for the

2023 UTME REGISTRATION INFRACTIONS: SUSPECTS DENIED BAIL ...As JAMB Recounts How They Were Apprehended

Four suspects facing trial at the Federal High Court sitting in Akure, Ondo State, who were apprehended during the 2023 UTME for registration and examination infractions, are to remain in detention following their failure to secure bail.

The suspects are to spend two more months in custody pending when the court reconvenes from its vacation which starts on Friday, 21st July, 2023, and is to end in October.

The registration impersonation suspects are: Timilehin Akinwale, Olayinka Mustapha and Peter Okereke, while Feranmi Adesuyi was arraigned for impersonation.

When the matter came up for hearing on Wednesday, 12th July, 2023, an official of the Joint Admissions and Matriculation Board (JAMB), Ms. Smith Oseinat Ayodele, told the Court that Feranmi Adesuyi was arrested for impersonation

WE SHALL SUSTAIN RULE OF ENGAGEMENT ON ADMISSIONS-COMMANDANT, NASFA

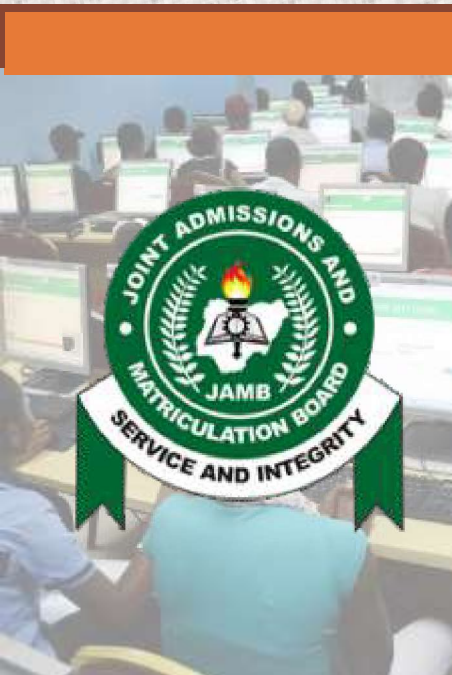

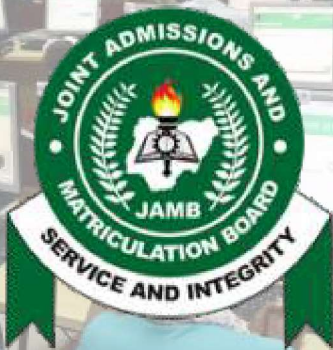

The Commandant, Nigerian Army School of Finance and Administration (NASFA), Lagos, Brig. Gen. Julius Osifo, has disclosed that his institution would sustain the extant rule of engagement as laid down by the Board, particularly with respect to admissions of fresh intakes into the school.

The Commandant made the disclosure in an interaction with JAMBulletin at the

sidelines of the matriculation ceremony for the 2022/2023 Academic Session held recently on the school campus in Apapa, Lagos State.

According to Brig. Gen. Osifo, the institution would never return to the era of underhand admissions characterised by the conduct of admissions outside the purview of the Central Admissions Processing System (CAPS) platform. He

workshop as the Board was one of the association's most valued partners.

Mr. Kanteh also expressed appreciation to the Registrar, Prof. Is-haq Oloyede and members of his management team for their warm reception in spite of the short notice given.

To underscore the activities of the Association, Mr. Kanteh also gave a brief presentation on WARIMA background, vision, mission and roles, stating that the association was established in 2006 with its Headquarters at the University of Ibadan, Oyo State, Nigeria.

He further disclosed that WARIMA provides research support to research managers across West Africa, and Africa as a whole through its collaborations with other regional research management associations such as the Central Africa Research and Innovation Management Association (CARIMA), Southern Africa Research and Innovation Management Association (SARIMA), East African Research and Innovation Management Association (EARIMA) and the world at large through its collaborations with the International Organisation for Research Management Societies (INORMs). He noted that through such collaborations, individuals

across regions could come together towards resolving challenges affecting their regions with the aim of seeking professional support from one another and through sharing of innovative ideas and experiences that would, in turn, proffer solutions to such challenges.

The WARIMA Chairman also underscored the importance of innovation noting that it requires a highly-specific skill set which frequently lies outside the experience of those chosen to lead research groups and institutions, regardless of their professional distinction.

He listed some of the factors affecting research and researchers in Africa as inadequate funding of research groups and institutions, poor documentation and interpretation, poor budgeting/accounting, poor reporting of research findings and lack of well-structured research management institutes, poor understanding of international best practices pertaining to research management and lack of collaboration with sister countries in West Africa, among others.

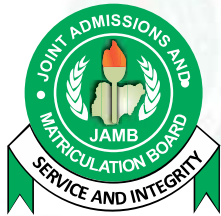

The Registrar, in his remarks, welcomed the WARIMA Chairman and members of his delegation to the Board and commended the

decision of the leadership of the association to hold one of its training workshop in Nigeria, and assured the delegation of the Board's continued support. He recalled that the last WARIMA Conference held in The Gambia was of immense benefit to the participants from the Board. He added that the Gambia conference was unique as it was held alongside that of AWAU.

He also noted that the Board had sponsored ten participants, who were broken into two groups of five members each to attend both WARIMA and AWAU conferences respectively. He reiterated the commitment of the Board to achieving excellence by sponsoring its staff to attend and participate in local and international training workshops. As a pointer to the numerous benefits of such collaborations, he disclosed that during the just-concluded COREVIP conference in Namibia, he was informed of a training scheduled to take place in Lagos State, where six female members of staff of the Board would be screened out of which three would be selected to attend a training which would run for a period of three months.

He called on the leadership of WARIMA to look inwards into the possibility of collaborating with the leadership of AWAU, as both associations stand to benefit immensely from such a collaboration.

The Registrar noted with dismay the display of bias on the part of some research managers in canvassing for funds for some research groups and institutes. Elaborating further, he stated that some of these research managers were in the habit of prioritising certain fields and aspects of research over others, which, he said, often determined the organisations they approach for funding and urged WARIMA to look into it with a view to addressing such untoward behaviour.

during the examination.

According to her, Adesuyi committed the said offence on 28th April, 2023, at Amable Nig. Ltd. CBT Centre, Owo, during the 2023 UTME. Ms. Smith had told the court that she served as the Biometric Verification Registration Officer at the centre while testifying as a prosecution witness.

According to her, Feranmi approached her to verify his fingerprint before proceeding to sit the examination but noted that the picture displayed on the screen of the computer was different from that of Feranmi.

"He was looking different from the picture uploaded on the JAMB portal. I questioned him and he insisted that he was the same person on the screen. I asked him yet again but he was adamant. Since, I wasn't making any headway with him, I asked him to step aside. I then called the attention of other examination officials and the NSCDC personnel attached to the centre. They also confirmed my position that the face on the screen was different from that of Feranmi.

After intense questioning, he later confessed that he was actually at the centre to impersonate another candidate."

Ms. Ayodele had subsequently tendered the statement she wrote at the NSCDC Ondo State Command Office that aided in the arrest of the suspect. Since, the defence counsel did not oppose the tendering of the statement of Prosecution Witness 1 (PW1), the statement was admitted as Exhibit 'A'. She was also examined in evidence but there was no cross-examination by the defence counsel.

The prosecuting counsel, Moses Osimen, applied for the leave of the court to set a date to enable him call more witnesses.

The Presiding Judge, Justice T. B. Adegoke, reserved ruling on the bail application by the defence counsel and said the date would be communicated to both parties in the suit.

On the case of impersonation involving Okereke Peters and two others, the prosecuting counsel, Mr. Moses Osime, and Mr. Gbadebo T. O.,

told the court that they had a witness in court while the counsel to the first defendant, Okere Peters, equally told the court that he was ready for trial but the counsel representing the second and third defendants, Mr. Peter Ujah, informed the court that he was not ready for trial on the ground that his office was just recently briefed on the matter and was only served a day before the case came up for hearing.

According to him, the initial proof of evidence was served on the former counsel, who had been representing the 2nd and 3rd defendant. However, he had failed to hand over that proof of evidence to him as the new counsel and only the document the previous day.

Justice Adegoke then adjourned the case till 13th November, 2023, for ruling on the bail application for the three suspects.

Meanwhile, the suspects and their relatives broke down in tears when the judge announced the adjournment date as they were first remanded in prison custody on 24th May, 2023.

FEW FACTS ABOUT JAMB

- The Joint Admissions and Matriculation Board (JAMB) was established for the general control of the conduct of matriculation examinations for admissions into all universities, polytechnics, monotechnics, colleges of education and (recently added) Innovation Enterprise Institutes (IEIs).
- Section 5 (2)of the ACT establishing the Board provided as stated: For the avoidance of doubt, the Board shall be responsible for determining matriculation requirements and conducting examinations leading to undergraduate admissions and also for admissions to National Diploma and the Nigerian Certificate in Education courses, but shall not be responsible for examinations or any other selective process for postgraduate courses and any other courses offered by the tertiary institutions. In the implementation of this section, there is always a synergy with the National Universities Commission(NUC), the National Board for Technical Education(NBTE) and the National Commission for Colleges of Education(NCCE) with the endorsement of the National Council on Education(NCE).
- In exercising this power, the Board is always guided by admission guidelines approved by the Policy Meeting under the Chairmanship of the Hon. Minister of Education with all Heads of Tertiary Institutions and other stakeholders in attendance.
- Since the inception of the Interim Joint Matriculation Board Examination (IJMBE), JAMB appoints moderators for all its questions as well as the grading of candidates scores. It has always done this without failing to still accommodate 'HSC' within the current 6-3-3-4 system. The National Council on Education(NCE) guidelines for the Joint Universities Preliminary Examinations Board (JUPEB) also endorsed the practice for JUPEB.
- The Joint Admissions and Matriculation Board shall continue to operate within its laws.

Nigeria Post-secondary Education Data System (NIPEDS)

Following the enormity of the challenges associated with the A 'level qualifications and stakeholders determined efforts to address them, an A 'level bank was instituted under the chairmanship of the former Vice-Chancellor of Bayero University, Kano, Prof Muhammad Yahuza Bello. The Data Bank has now been renamed "Nigeria Post-secondary Education Data System (NIPEDS)".

The conversion to NIPEDS is to streamline the functions of the A 'level bank in line with international standard thereby bringing total sanity to the entire process of A 'level qualifications that has been fraudulently manipulated by some candidates to gain undue advantage in securing admission into Year Two of the University Degree programmes.

LAWAL TAKES CHARGE AT EKITI

Excitement rent the air at the Ekiti State Office of the Joint Admissions and Matriculation Board (JAMB) on Monday, 10th July, 2023, when Mr. Hassan Lawal assumes office as the new State Coordinator.

Mr. Lawal, who joined the services of the Board in 2002, as an Administrative Officer II, started his career at the Osun State Office, where he remained until 2014, when he was redeployed to the National

Headquarters (NHA) Annex, Ilorin, as the Head of SERVICOM Unit, as well as the Public Relations Officer.

In his remarks, the new State Coordinator urged members of staff of the State Office to be committed to their duties in line with the Board's mantra of service and integrity.

According to the new helmsman, no staff of the State Office should be found wanting in the discharge of their duties while charging them to make integrity their watchword at all

times. He assured the staff that he would be running an open-door policy and, as such, he stated that his office would welcome suggestions capable of ensuring quality service delivery by the State Office.

The new State Coordinator had taken over from Mr. Ebenezer Owolafe, who has been serving in acting capacity for the last couple of months.

INNOVATIONS IN THE UTME AND A CALL FOR UNDERSTANDING

It will be recalled that the Board has gradually upgraded its operational processes since 2017, and as is usual with change, it came with some challenges including resistance. Given public support and understanding, the Board since 2018 has reached the cruising level. However, there is always room for improvement and the Board has decided to move to the next stage of its technological transformation.

The next stage requires all hands to be on deck as we take some crucial steps. The Board has instituted some measures which are to be deployed during the 2023 UTME exercise. Despite the fact that the innovations have been tested and certified, yet it is not unlikely that some hiccups might spring up when the new technology is deployed live and nationwide. We therefore solicit your support and understanding as we promptly address any unforeseen circumstances. Hardly can there be growth without audacity and courage.

One major feature of the new dispensation is that no examination would be allowed to take place after one hour of its scheduled start time because the Board has discovered that some of the problems reported at the centres are contrived to delay the commencement of a session in some centres with a view to securing undue advantage for the delayed candidates.

Consequently, any session that, for whatever reason(s), could not take-off within one hour of its schedule is automatically rescheduled. When such occurs, affected candidates are expected to file out of the examination hall into the waiting hall and await the new scheduled time and place which most

Contd in Pg 9

likely would be the same or following day. Candidates are expected not to disrupt subsequent sessions but to simply await information on reschedule. Parents have constituted major intrusion into the examination process. While we appeal for parents to keep-off the examination venues, we would not hesitate to sanction the candidates and (parents) whose parents obstruct the smooth running of the centre.

The rescheduling does not permit a candidate who was initially marked absent during the screening to be part of the rescheduled session since the questions meant for such absentees have been withdrawn and not available for the rescheduled session.

In addressing possible rescheduling, an extra session has been created for every centre on every examination day.

ABIA STATE COORDINATOR MEETS PROPRIETORS OF CBT CENTRES

In line with the Board's commitment to quality service delivery, the Abia State Coordinator of the Joint Admissions and Matriculation Board (JAMB), Mr. Johnson Adebisi, on Tuesday, 11th July, 2023, met with proprietors of computer-based test centres in the State.

The meeting, which was held virtually, had in attendance all the CBT centres in the State as well as the Unit Heads of the State Office, and was organised to address the underperforming areas identified in the Key Performance Metrics (KPMs) Dashboard for accredited CBT centres in the 2nd Quarter of 2023 and, most importantly, to expand the conversations on innovative ways of delivering quality services against the backdrop of the present economic realities in the country. According to Mr. Adebisi, the Board

is not oblivious of the tough extant operating conditions but urged them to do their best for the fatherland.

Earlier, the State Coordinator had commended the centre proprietors for their excellent service delivery during the just-concluded 2023 UTME particularly in ensuring the conduct of flawless examinations in the State. He explained that it was in a bid to ensure the continuation of same that the State Office had found it expedient to synergise with them on how to incorporate the best cost-effective strategies into their operational processes without putting extra burden on candidates. The State Coordinator stated that since the primary aim of the interaction was to explore ways of lessening the financial burden on CBT centres without diminishing their operational efficiency, he urged

centre proprietors to embrace alternative sources of energy such as solar, inverter, and other cost-cutting measures, the use of laptop computers in place of desktops. He also advised the CBT centres to take advantage of the Board's decision to devolve some registration activities, which were hitherto restricted to the Board's offices, such as Sandwich, Part-Time, NOUN, and Distance Learning to improve on their revenue generation as well as establishing two additional registration outlets in the State as allowed by the Board. The virtual meeting was brought to an end with the centre proprietors pledging to embrace the fresh insights given by the State Coordinator to stay afloat while adhering strictly with their rules of engagement.

...We Shall Sustain Rule of Engagement on Admissions - Commandant, NASFA

said, "We now understand the nitty-gritty of CAPS, which is an automated platform for the conduct of credible admissions devoid of human interference."

While admonishing the matriculating students, who were the first group to be ceremoniously matriculated since the school was established in 1968, the

Commandant warned the fresh students to steer clear of any act that could soil their names as well as mar the reputation of the school, adding that the institution has zero tolerance for indiscipline.

According to the Commandant, "the institution was established based on the ethics and values of discipline, orderliness, and respect for

constituted authority for which the Nigerian Army is known for. Hence, you are advised to comport yourselves well as you'll be appropriately sanctioned for any act of indiscipline."

Brig. Gen. Osifo disclosed that a total of 100 students were matriculated.

IMO STATE OFFICE GETS DIRECTOR AS ITS NEW HEAD

...Welcomes its Director

Newly posted Director, Imo State, Mrs. Gloria Anyaegbu

As part of its commitment to recalibrate its operational processes and facilities for greater efficiency and productivity, the Joint Admissions and Matriculation Board (JAMB) has posted a full-fledged Director to head the Imo State Office, Owerri. According to the Board, it is only appropriate that such a high-ranking official is positioned there to manage its huge investments in the Imo State Office. Therefore, the office would now be headed by Mrs. Gloria Anyaegbu, a Director and an Accountant, Mr. Owolafe Ebenezer. This was made known by the newly-appointed Director, Owerri, Mrs.

Gloria Anyaegbu, during her inaugural address to the staff of the Office on Thursday, 13th July, 2023. In addition, Mrs. Anyaegbu implored the staff to be dedicated to their duties pointing out that the Board had invested a lot of resources to renovate the State Office as well as construct the state-of-the-art 750-mega CBT centre capable of accommodating 750 candidates at any point in time.

Furthermore, she enjoined staff to always put in their best so as to achieve the mandate of the Board adding that it would no longer be business as usual as she plans to reinvigorate the operations of the office to make it a reference point

among its peers.

"I look forward to working harmoniously with everyone to achieve the goals and objectives of the Board. There would be a lot of opportunities for staff development to ensure optimal service delivery. Therefore, it will not be business as usual for latecomers, extortionists, and anyone who has a lackadaisical attitude to work."

"Consequently, any staff found engaging in any form of activity capable of denting the image of the Board will be sanctioned appropriately. It is my desire to ensure that, under my leadership, a new and positive chapter that will reposition the Zonal Office for the great things to come, will be opened hence, all hands must be on deck," she said.

She equally commended the Registrar, Prof. Is-haq Oloyede, for investing such resources in the State Office and promised that she would not betray the confidence reposed in her.

Speaking on behalf of the staff, the Head of the Administration Unit, Mrs. Gold Onyegbule, welcomed the new Director and expressed delight at having a capable and versatile administrator in the person of Mrs. Anyaegbu as the Director and assured her of the unalloyed support of the staff.
